Mobile: 9071020882 | Email: tousif.cse.rymec@gmail.com | portfolio: <https://mohammed-tousif.vercel.app/>

Technical Skills

Languages: JavaScript (ES6+), TypeScript, Python

Frontend Development: React.js, Next.js, Tailwind, HTML5, CSS3, Redux, Context API, FastAPI

Backend & DB: Node.js, Express.js, RESTful APIs, PostgreSQL, MySQL, MongoDB

Tools: Git, Webpack, Postman, AWS, Lambda, ECS, S3, SQS, Vercel, Firebase, CI/CD

Professional Experience

ZYPTR – Full Stack Developer

September 2025 – Present

- **Infakt LMS:** Developed scalable learning management modules with Role-Based Access Control (RBAC) for four distinct roles (Admin, Teacher, School Admin, Student) using React, Node.js, and PostgreSQL.
- Successfully delivered 80% of the Teacher Module, supporting essential educational workflows.
- **Microfinance Management System:** Engineered a full-stack application featuring secure loan processing, customer management, and transaction tracking utilizing Node.js, Express, and MySQL.
- **Modernspaces (Real Estate):** Built an SEO-friendly property listing platform using Next.js and integrated REST APIs to enhance search visibility and performance.

Kodemapa – Full Stack Developer Intern

October 2024 – March 2025

- Architected the front-end of a high-traffic web platform using React.js, implementing advanced state management to optimize performance.
- Achieved a 35% reduction in page load time through performance optimization and efficient rendering techniques.
- Developed reusable and modular UI components, which cut development effort by 30%.
- Collaborated in Agile sprints with designers and backend developers to integrate RESTful APIs and ensure seamless cross-device responsiveness.

Projects

Devsync AI – AI-Powered Developer Workflow Platform | Full Stack Developer | Personal Project ([Link](#))

- Built a SaaS platform that connects to GitHub via OAuth 2.0 & Webhooks to analyze commit metadata for automated content creation.
- Integrated Gemini AI to auto-generate platform-optimized posts, including LinkedIn articles, X (Twitter) short posts, and Instagram carousels, in under 3 seconds.
- Developed a real-time analytics dashboard and a "review-before-publish" workflow to streamline developer social media presence.

Clynicare – Digital Healthcare Platform | Full Stack Developer (Team Member) ([Link](#))

- Contributed to a digital healthcare platform for home medical consultations, managing appointment systems and patient records using Next.js, Node.js, and MongoDB.
- Implemented RBAC to ensure secure access for patients, doctors, and administrators.
- Integrated RESTful APIs for real-time communication between doctors and patients during consultations.

Achievements & Leadership

- Smart India Hackathon 2023 – **Grand Finalist (Team Member)**
- State-Level Hackathon (Mandya) – **Finalist**
- RYMEC Hackathon – **Winner**
- Innovation, Development & Entrepreneurship Competitions – **Active Participant (Selected Candidate)**

Education

Rao Bahadur Y Mahabaleshwarappa Engineering College, Ballari:

Bachelor's in Computer Science and Engineering

January 2023–July2025

Percentage: 77.07%

Government Polytechnic College Ballari

Diploma in Electronics and Communication Engineering

July 2018 – May 2021

Percentage: 72.08%
